Fundraising Efforts Commence For The New Pool!

A small group of residents and stakeholders have begun to organize a fundraising effort to benefit the new Blissfield Community Pool. These efforts will enhance the budget already funded by the passed millage.

After hearing residents' priorities for the new pool at a recent community engagement session, the fundraising committee has made a list of priorities for funding items outside of the original budget. Some of the items the fundraising efforts will focus on include an additional larger, double helix slide, a climbing wall, upgrades in the furniture and fixtures, and a covered outdoor community space for community, family, sport team and other groups to host events.

If you are interested in making a tax-deductible donation to this effort, please pick up a donation form at the Village Offices or download the form from the Village website and make checks payable to the *Village of Blissfield*, 130 S Lane Street Blissfield, MI 49228. Or you may visit the Village website at: www.blissfieldmichigan.gov.

- For \$25 you will be listed as a donor in a sponsored page in the Advance
- For \$125 you will receive a 4x8 brick on or around the site of the pool
- For \$250 you will receive an 8x8 brick on or around the site of the pool
- For donations \$1,000 & higher you will be listed near the pool entrance on a permanent plaque or on masonry

The committee will also be looking into appropriate grants, a gofundme page, and hosting fundraising events with a total goal of raising \$250,000.
